Dear Admiral Turner,

I am writing with two thoughts on my mind. Firstly, would you kindly sign the enclosed photograph which was taken back in 1976. Unfortunately it was printed and forwarded to me too late to enable me to ask you at the time.

Secondly, my ship is currently visiting the United States and I have already obtained concurrence to invite you and your wife onboard if the opportunity permits. My ship, of which I enclose a brochure, will be at Mayport until 13 August, Charleston 14 to 18 August, Wilmington 23 to 27 August and Norfolk from 31 August to 10 September. Busy as you must be, I should be delighted if you could both come onboard and if so perhaps your Executive Officer could give me a ring to discuss details.

STAT

Hoping to see you,

Yours sincerely

David Brown
